

**Important Update: Revision on Self Declaration Form (SDF) Submission Timeline
for Malaysia Digital (MD) Status Companies**

Dear Esteemed Clients,

We are pleased to announce that the Self Declaration Form (SDF) submission timeline for MD Status Companies approved from 1 July 2022 onwards has been recently revised. MD Status Companies can now submit the SDF within **seven (7) months** after the end date of their **accounting period** for each year of assessment.

This revision is part of our ongoing efforts to ensure the submission timeline of SDF is consistent with the Company's filing of tax return timeline. This is an enhancement from the previous requirement of submission within 30 days from MD Status anniversary date.

To facilitate the implementation of the above, we seek the kind cooperation of all MD Status Companies to provide their Accounting Period by completing the Microsoft Form provided [here](#).

For MD Status Companies that intend to submit the SDF for the latest Year of Assessment, please download the SDF template [here](#) and proceed with the submission via email to enforcement_admin@mdec.com.my

The Frequently Asked Questions (FAQs) are accessible [here](#).

For further inquiries or assistance, please contact us at clic@mdec.com.my
