

## **MD HUB FAQ**

### **1. What is an MD Hub status?**

An MD Hub is a Government-recognised collaborative space that serves as a catalyst for the development of a comprehensive and interconnected digital ecosystem.

It brings together startups, scale-up companies, enterprises, accelerators, venture builders, corporates, technology companies, and investors within a collaborative and synergistic environment to drive innovation, sustainable growth, and value creation.

### **2. What are the implications for existing Malaysia Digital Hub (MDH) certified locations?**

Existing Malaysia Digital Hub (MDH) certified locations may transition to MD Hub recognition, subject to meeting and complying with the MD Hub Criteria and applicable requirements.

### **3. Who is eligible to apply for MD Hub status?**

Co-working space operators are eligible to apply for MD Hub recognition, subject to meeting the eligibility requirements and compliance standards set out under the MD Hub Criteria.

### **4. Are there any fees imposed for MD Hub status?**

Yes. Fees are applicable for MD Hub recognition. For the latest fee details, please refer to: <https://mdec.my/md-location-recognition/md-hub>

### **5. What is the fee structure?**

There are two (2) types of fees associated with MD Hub status:

- Application Fee: Covers administrative costs related to reviewing and processing the applications.
- Annual Fee: Covers ongoing compliance and monitoring activities, including but not limited to:
  - Annual compliance assessment

- System support
- On-site verification, where applicable

## **6. How can organisations apply for MD Hub status?**

Interested applicants may express their intent by contacting MDEC Client Contact Centre (CliC) for guidance and assistance throughout the application process. Email: [clic@mdec.com.my](mailto:clic@mdec.com.my).

The CliC team will provide information on eligibility requirements, required documentation, assessment criteria, and the next steps.
